About Us

Since the idea of establishing Amwaj Al-Khair Trading and Contracting Company, the pillars of its launch have been the solid foundations owned by its founders of values, principles and integrative experiences that they own, and investing these ingredients in the manufacture of a strong and distinguished entity in various fields from which this company was formed. Since our dear country is experiencing a renaissance in all fields, we have set our goals and set out to achieve them, bearing in mind God's satisfaction, and then contributing to the development of the sectors in which we work through all quality standards and providing our services in a distinctive and highly efficient manner to our customers. We ask God for success and blessing, then the trust and satisfaction of our customers.

EXPERTISE

RICH EXPERIENCE + THE RIGHT RESOURCES

Amwaj Al-Khair co. is one of the most sought-after contractors in Saudi Arabia for two very good reasons: unbeatable experience and exceptional talent. Our long history and expertise ensure that we know how to get the most out of our people. At the end of the day, you enjoy outstanding results.

QUALITY

ALWAYS OUR FIRST PRIORITY

Amwaj Al-Khair co. is not only hyper-aware of international quality standards but adamant about following every one of them. In addition to general standards, Ayade Experts Co. has an internal quality assurance program that includes daily inspections and periodic internal and external audits. We also have a Quality Assurance team that ensures strict compliance with our well-defined standards. For us, maintaining quality is not just the job of one person. We believe in involving every possible resource and carefully educating our people about the benefits of delivering high-quality projects.

SAFETY

FULLY COMMITTED TO ZERO ACCIDENTS

Amwaj Al-Khair co. believes in providing a safe environment for its workers, visitors, subcontractors, and suppliers because they are not just employees and guests, but our family. We proudly maintain a consistent zero-accident history. The credit goes to our workers, who are made consciously aware of their surroundings and are taught to watch each other's back. In fact, we have a strict rule of not allowing anyone to work if the site is considered unsafe for any reason.

Building Construction

We are pleased to introduce ourselves as a national company that has been working in the field of contracting in the Kingdom of Saudi Arabia. In light of the high rates of development in the Kingdom and the diversity of its sources, we had previously participated in the construction boom that the country witnessed by implementing projects for many institutions and authorities including 4 major types of Building Construction.

1. Residential Building.
2. Institutional and Commercial Building.
3. Specialized Building Construction.
4. Office Building Construction.

Building Renovation

In addition to urban design and construction, **Amwaj Al-Khair co.** has many projects that have re-designed and restructured buildings through the rebuilding mechanism. For buildings of great importance and from mechanisms for preserving the cultural heritage that is used to preserve these buildings and extend their life or return them to Life again It is implemented in a professional manner while maintaining and maintaining the buildings as well as developing and maintaining the systems available inside the buildings.

General Contracting

We enjoy the extensive experience

We have expanded our field of work to include the execution of the highest quality construction projects, where the stages of work begin with a feasibility study for the project and the initial design development, followed by the detailed design and construction process and construction work and then the phase ends with the construction work after that of maintenance and operating, including government buildings, commercial buildings, industrial buildings, educational institutions.

Our Aspirations

The continues pursuit of excellence, which the company has always seek to transform it into a reality that enables it to provide the best engineering and contracting services to its clients, which opened new horizons to work in a spirit of excellence and forecast the expected financial estimates in the next years.

We always strive to keep up with the latest technologies and modernity in the world of contracting.

Buildings

We specialize in delivering large complex building projects by utilizing in house expertise and our skilled workforce. Enabled by AYADE EXPERTS 's huge resource of personnel, plant & equipment and reinforced by a network of global offices offering a full range of back-up support services: for example, Buildability Studies, Engineering and Design, BIM, Automated Document Management.
